## SAFETY DIRECTIONS

# IMPORTANT SAFEGUARDS

When using an electrical appliance, basic precautions should always be followed, including the following:

READ ALL INSTRUCTIONS BEFORE USING THIS VACUUM CLEANER.

## WARNING

To reduce the risk of fire, electric shock, or injury:

- Do not use outdoors.
- Do not leave vacuum cleaner when plugged in. Turn off the switch and unplug the electrical cord when not in use and before servicing.
- Do not allow to be used as a toy. Close attention is necessary when used by or near children.
- Use only as described in this manual. Use only manufacturers' recommended attachments.
- Do not use with damaged cord or plug.
- Do not pull or carry by cord, use cord as a handle, close door on cord, or pull cord around sharp edges or corners. Do not run vacuum cleaner over cord. Keep cord away from heated surfaces.
- Do not use extension cords or outlets with inadequate current carrying capacity.
- Turn off all controls before unplugging.
- Do not unplug by pulling on cord. To unplug, grasp the plug, not the cord.
- Do not handle plug or vacuum cleaner with wet hands or operate without shoes.
- Do not put any object into openings. Do not use with any opening blocked; keep free of dust, lint, hair, and anything that may reduce airflow.
- This vacuum cleaner creates suction and contains a revolving brushroll. Keep hair, loose clothing, fingers, and all parts of body away from openings and moving parts.
- Do not pick up anything that is burning or smoking, such as cigarettes, matches, or hot ashes.
- Do not use without dust cup or filter in place.
- Use extra care when cleaning on stairs.
- Do not use to pick up flammable or combustible liquids such as gasoline, or use in areas where they may be present.
- Store your cleaner indoors in a cool, dry area.
- ENSURE you turn the unit off at the very minimum every 15 minutes (for 1 minute) to let the motor cool down – failure to do so may cause motor failure.
- DO NOT use this unit for more than 4 hours (including rest breaks) on any given day.

## TO REPLACE DUST BAG

If the dust barrel is full, please empty it as soon as possible

1

Release the lock block to open the up housing

2

Empty the dust barrel

3

Put back the up housing, and fasten the locking block
